Session 8: Matters Arising Changes

PO Ref No.	Policy / paragraph.	Amendment
MA8.1	SP13	Amend criterion (1.a.) of Policy SP13 as follows: Allocating land to meet the South East Wales Regional Waste Plan requirement of 0.41- 4 hectares (Policy W1);
MA8.1	Paragraph 6.77	Amend paragraph 6.77 as follows: In line with the National Waste Strategy and the Regional Waste Plan (RWP), the Council will seek to promote the reduction, re-use and recycling of materials in order to reduce land take-up for waste facilities. The RWP estimates that the total land required in Blaenau Gwent for waste facilities by 2013 ranges between 0.41 and 4 hectares depending on the type of waste management /resource recover facility involved. The Plan allocates nearly 6 hectares of land for waste facilities which is above that required in the RWP.
MA8.1	Paragraph 8.89	Amend paragraph 8.89 as follows: The South East Regional Waste Plan indicates that between 0.41 and 4 hectares of land will be required for waste management facilities within Blaenau Gwent to serve more than one local authority. The above site provides over 5 hectares for the location of waste management facilities to serve more than one local authority.
MA8.3	DM1	Amend criterion (1.c.) of Policy DM1 as follows: Construction waste and pollution is minimised and the proposal incorporates facilities for the segregation, recovery and recycling of waste;
MA8.4	DM21	Amend criterion (6.f) of Policy DM21 as follows: It will not result in an There will be no unacceptable adverse environmental impact from: dust and emissions; birds and vermin; odours; noise; and litter that cannot be appropriately controlled by mitigating measures.
